

Skytte Institute's Autumn Schools

7-8 and 14-15 October 2023

Kääriku Sports Centre

Skytte institute holds its annual autumn schools in Kääriku Sports Centre. These autumn schools are organised in order to provide students the opportunity of learning and discussing with high-level speakers who operate in democratic high impact decision making processes. All speakers are external and Chatham House rules apply to both.

Due to two different study languages, we hold two autumn schools. One in Estonian and another one in English. Estonian one had 118 attendees, and English one 87 attendees.

Nädalavahetus Kääriku sügikoolis Lauri Hussari ja Lavly Perlinguga. Meelelahutuse eest hoolitsesid sel aastal tormituuled, mistõttu Rein Toomla Show ning õhtu mitteametlikum osa toimus mobiili- ja künnavalgel.
